News of the Week!

In the news this week

Taxi company, Uber, wants to test cars in London that can drive by themselves, without a person at the wheel. The UK government has changed the rules to let this happen sooner. Many believe the service could bring new jobs, but others are worried about human drivers losing work. The cars have performed well in tests, though checks are still needed to make sure they are safe. Some people have already tried riding in these cars to see how well they work.

Things to talk about at home ...

- > Share your experience of public transport and whether you've used a taxi. Talk to someone at home about their experiences.
- > How do you feel about using a driverless taxi? Would you use one? Why?
- > Can you make a list of the pros and cons of driverless taxis?

Town Sports Triumph – Third Place for Our Talented Team!

Beaming with pride, Mrs Tucker, Mr Graham and Mrs Carter proudly accompanied a team of 43 enthusiastic KS2 children to represent our school at the Town Sports Athletics Competition held at Hartford High School last week.

The event was a thrilling celebration of athleticism and team spirit, featuring a variety of exciting track and field events. Our young athletes demonstrated incredible determination, effort and sportsmanship throughout the evening, with many achieving their personal bests – a fantastic accomplishment in itself!

We are absolutely delighted to share that our team finished in an outstanding **third place** out of seven competing schools – a result that truly reflects the hard work and commitment shown by every child who took part.

A huge **congratulations** to all our athletes for their achievements, and heartfelt thanks to the parents and carers who continue to support, encourage and cheer on our children. Your support makes such a difference – and it is deeply appreciated.

Our ROCK values are Respect, Ownership, Caring and Kindness
